Bosch C3
The smart 3.8 amp 12V and 0.8 amp 6V Battery Charger

BOSCH
Invented for life

Do you face these **battery problems?**

❓ Do you own a vehicle with a lead acid, wet or AGM (absorbent glass mat), gel or VRLA / SLA battery that you don't use often?

✔ The Bosch C3 battery charger can save you money and benefit the environment by maintaining the battery and avoiding premature battery failure.

❓ Has your battery gone flat after an accessory was left on overnight?

✔ The Bosch C3 can bring a discharged battery back to life.

❓ Do you need a compact battery charger to take with you on the road?

✔ The Bosch C3 is a compact charger which is ideal to take on road trips.

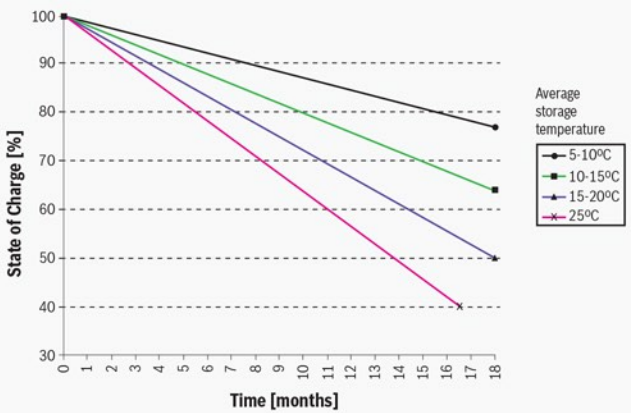
The Bosch C3 can be used for the following applications:

Keep your **battery healthy**

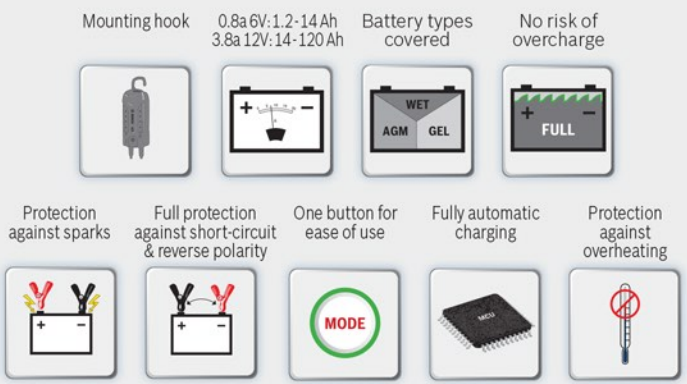
Even when batteries are not in use they lose power. If they are left discharging for too long, the battery will be beyond recharging and have to be replaced.

Charge your battery before it is too late.

Example of self discharge on a lead acid battery



Features of the Bosch C3 Battery Charger



Trickle Charging

- Keeps batteries at a high level of charge
- No risk of overheating

Pulse Charging

- Optimises the recharge of the battery
